CHÂTEAU CAZEAU

Entre-Deux-Mers

ORIGIN - TERROIR

Château Cazeau is built around a beautiful chartreuse house dating back to the 16th century. It is ideally situated in Gornac, one of the oldest roadways in the Entre-Deux-Mers region, just a few kilometers east of Sauveterre de Guyenne.

Its 300 hectares of vines, which 7 of them are dedicated to the production of rosé wine, enjoy an exceptional setting on the clay-limestone hillsides, the peak of which lies at 110 metres above sea level and faces south. The vineyards surround the château and are carefully planted with either red or white varietals depending on each specific terroir. The vines have an average age of 35 years and are carefully cultivated using traditional methods and with the utmost respect for the environment. The vast vat house is fitted with state of the art facilities including temperature monitoring, pneumatic press and micro-oxygenation in order to ensure the highest quality wines.
