CHÂTEAU CAZEAU

Bordeaux

ORIGIN - TERROIR

The vineyards at Château Grandfont now cover 45 hectares of vines situated on the left bank of the Dordogne river, in Saint-Avit-Saint-Nazaire. The domaine was formerly planted with fruit trees before gradually being replanted with vines in the 1960's. The vineyards lie on the former river bed and benefit from particularly gravelly soils and a unique microclimate owing to their proximity to the river. The name signifies "large fountain" and the domaine was previously used as a stopover point for boatmen transporting wine up the river towards Bordeaux.
